Olivia Clymer
Healthwatch

Dear Olivia

Charing Cross Hospital Report

Thank you for sending a copy of the final version of the report undertaken by Healthwatch surveying the views of patients using Charing Cross Hospital outpatient services. We very much welcome the report and its findings and are very keen to work with you in the future to ensure that, as we develop our thinking further on Charing Cross, the views of patients and the wider community are taken fully into account.

I am pleased that you have agreed to come and present the report at the Governing Body meeting in public in March. I know that members of the Governing Body will be interested in hearing about the report's findings and discussing with you how we can work collaboratively with you in the future.

Yours sincerely

Tim Spicer
Chair

Chair: Dr Tim Spicer
Chief Officer: Clare Parker
Managing Director: Janet Cree
